

On to year 10!

End of Year 9

Links to careers/SMSC/Personal Development

Geography skills and knowledge you gain can be used in almost every job sector. Geography supports spiritual development by promoting a sense of wonder and fascination with the physical and human world. The study of geography stimulates an interest in and a sense of wonder about places. It helps young people make sense of a complex and dynamically changing world.

We'll explore various glacial landforms.

We'll connect the history of glaciation to climate changes.

Glaciation

Summer

We'll start by understanding what glaciation is

We'll study significant ice ages in Earth's history.
