

# Year 11 Geography

## LEARNING JOURNEY

End of Year 11

### Links to careers/SMSC/Personal Development

Geography skills and knowledge you gain can be used in almost every job sector. Geography supports spiritual development by promoting a sense of wonder and fascination with the physical and human world. The study of geography stimulates an interest in and a sense of wonder about places. It helps young people make sense of a complex and dynamically changing world.

Paper 3, synoptic

Post 16 choices

Paper 2, Urban Futures, Dynamic Development, UK in the 21<sup>st</sup> Century, Resource Reliance and Human Fieldwork

Revision

Summer

Paper 1, Global Hazards, Changing Climate, Distinctive Landscapes, Sustaining Ecosystems and Physical Fieldwork.

Paper 3

Key geographical skills practice and revision

Apply your knowledge and understanding to real-world scenarios.

Dynamic Development

How has an LIDC developed so far

What development strategy is most appropriate?

Spring

What has led to uneven development?

What is development and how can it be measured?

Resource Reliance

Investigate human activities causing climate change

Can we feed nine billion people by 2050?

Physical fieldwork

Explore the basics of climate change and global warming

Preparation and the carrying out of the fieldwork, followed by the write up

Autumn

Climate Change and the Earth's Future

Distinctive Landscapes

Rivers case study, completion of this unit

Start of Year 11

**Summary:** GCSE geography provides students with a holistic and practical understanding of geography, enabling them to navigate an increasingly complex and interconnected world while fostering skills and knowledge that can be applied in various academic and professional contexts.
